Improving your water supply: replacing ageing pipes

Project Update: Friday 18th September

What's happening next week (w/c 21st September 2026)

- **Fyrsway:** Re-chlorination and testing will take place in preparation for upcoming service connections to properties.
- **Lower part of Fyrsway:** Trial holes will be excavated, and excavation works will begin to install new services. We will then start to connect properties to the new water main.
- **Broadway:** Re-chlorination and testing will take place in preparation for the upcoming connection to properties.
- **The Avenue:** Service connections will commence, connecting properties to the newly installed water main.
- All planned dates and activities remain subject to change due to factors such as ground conditions, environmental constraints, utility conflicts, weather, regulatory approvals, and other operational requirements.

Working hours

- 8am–6pm, Monday to Friday.
- The Highway Authority allows us to work from 8am to 4pm two Saturdays a month.

Traffic and access

- Access will be maintained, with a temporary give-and-take system to help keep traffic flowing safely.
- Road closures and diversions remain in place around work areas.
- Please note that local road signs are legally enforceable under a Traffic Order. Help us keep the neighborhood safe by leaving all signs in place.

Contact information

- **In person:** We'll be at the Drop In Social Hub (DISH) every second Monday at the Fairlight Village Hall and our next attendance is on Monday, 21 September.
- **Email:** SouthernWater@unitedinfrastructure.com, 9am to 5pm, Monday to Friday.
- **Phone:** Call Southern Water 0330 3030 368. Just say you're calling PRN 835148, so we can help you more quickly.
